

EASYGUM™ Liquid Applied Bitumen Waterproofing Membrane

1	Identification of the preparation and of the company	
1.1	Name of the product	Easygum™
1.2	Identification of the product	Liquid applied waterproofing
1.3	Use of the preparation	Waterproofing for roofing
1.4		NOVAGLASS S.p.A Via Gattolè, 1 31040 Salgareda (Treviso) – Italy Tel. +39 0422 8084
1.5	Contact person in charge of materials safety	sicurezza@novaglass.com
1.6	Emergency telephone number	Centro Antiveleni Milano-Niguarda +39 02 6610 1029
2	Composition/information on ingredients	
2.1	Chemical composition	Bitumen, elastomers, mineral fillers, additives, water
2.2	Dangerous components	None
	Name	–
	Symbol	–
	Hazards phrases	–
3	Hazards identification	
	Most important hazards for health	None See paragraph 11 " Toxicological information "
4	First Aid measures	
4.1	Inhalation	It does not exist any dangerous effect in case of inhalation
4.2	Skin contact	Take off contaminated, drenched clothing immediately
4.3	Eye contact	Wash plentifully with water and soap
4.4	Ingestion	Immediately flush with water for 20 minutes at least. If necessary get medical attention.
	Ingestion	Avoid vomiting. Immediately get medical attention
5	Fire fighting measures	
5.1	Suitable extinguishing media:	Easygum™ is not inflammable
	– Suggested	–
	– Forbidden	–
5.2	Dangerous products derived from combustion	–
5.3	Special protective equipment for firefighters	–
6	Accidental release measures	
6.1	Personal precaution	See paragraph 8.2 " Personal protection "
6.2	Environmental precautions	Prevent the product flow into sewers or rivers. Inform local authorities (fire, police) if needed
6.3	Methods for clearing up	Hold and take off through physical tools. Absorb with inert materials See paragraph 13 " Disposal considerations "
7	Handling and storage	
7.1	Handling	See paragraph 8.2 " Personal protection "
7.2	Storage	Keep away from frost and excessive heat
	– Container to be avoided	None
8	Exposure controls/Personal protection	
8.1	Technical information	None
8.2	Personal protection	
	– Respiratory	None
	– Hands	Gloves
	– Skin	Overalls
	– Eyes	Safety goggles
8.3	Border values of exposition	
	– TLV/TWA (A.G.C.I.H 1991)	/ /

EASYGUM™ Liquid Applied Bitumen Waterproofing Membrane

9 Physical and chemical properties

Appearance at 20°C	Semi-dense thixotropic paste
Colour	Black
Odour	Typical of rubber
Relative density at 20°C	1.05
ASTM D4052 (Kg/dm ³)	
Vapour pressure at 20°C (hPa)	/ /
FORD viscosity n. 4 at 20°C	/ /
Water solubility	Soluble
Flash point	Not inflammable
ASTM D56 (°C)	

10 Stability and reactivity

10.1 Dangerous reactions	None
10.2 Incompatibility (materials to avoid)	None

11 Toxicological information

Inhalation	No dangerous consequence in case of inhalation
Ingestion	Very low toxicity level
Skin contact	Very low toxicity index - repeated and extended contact may cause dermatitis It may cause a slight irritation
Eyes contact	None

12 Ecological information

12.1 Cautions	To be used according to normal good use rules avoiding to waste the product in the environment.
---------------	---

13 Disposal considerations

Disposal of wastes	See DPR 915 of 10/9/82 (Italy) and its revisions and any eventual local provisions for the disposal of the wastes
--------------------	---

14 Transport information

United Nations	Goods not dangerous according to the transportation rules
– UNO – Nr. Road transport (ADR) / Railway transport (RID)	/ /
– Class	
Sea transport (IMO-IMDG)	/ /
– Class	
Air transport (ICAO/IATA)	/ /
– Class	

15 Regulatory information

Classification	This product does not need any classification according to the CEE criteria
Labelling	None
– Warning symbols	
Warning indications	None
– Warning phrases	S20 Do not eat or drink during the use of the product
– Cautions advises	S24/25 Avoid skin and eyes contact S29 Do not throw the residues in sewers

16 Other information

Further information	None
---------------------	------

Revision date: 01/01/2010. Replaces issue on: 01/01/2006

Data sheet according to CEE provisions 91/155 and Ministry Decree 28/01/1992 (Italy)
